

Al-Aqsa landmark panels

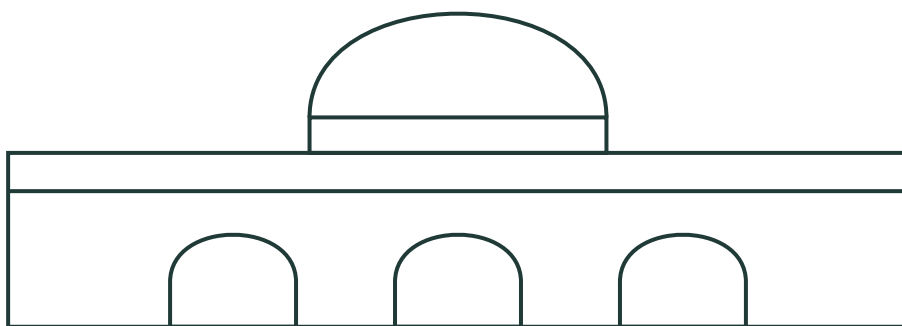

Explore two names and three common architectural features.

1 / TWO SEPARATE LANDMARK SKETCHES

Simplified original illustrations, not to scale. Page positions do not show the buildings' positions at the site.

Dome of the Rock

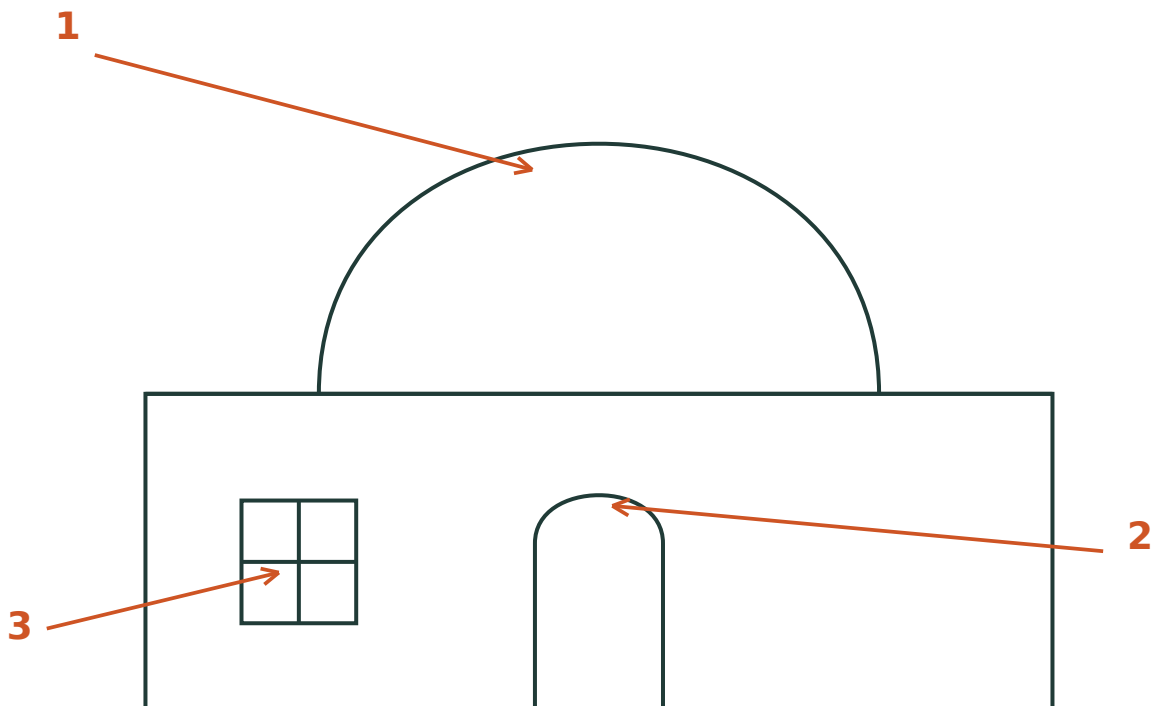

Qibli Mosque

Al-Aqsa landmark panels

Follow each numbered arrow to an actual feature in the practice sketch.

2 / DOME, ARCH AND WINDOW

Architecture practice sketch - not a reconstruction of a particular building. Colour it any way you choose.

Word bank: dome / arch / window

1. _____
2. _____
3. _____

Number 2 points to the curved top of an opening. Number 3 points to a rectangular glazed opening.

Al-Aqsa landmark panels

Check the labels, and keep sketch conventions separate from real-site facts.

3 / PARENT KEY AND SOURCE NOTES

Panel labels

First panel: Dome of the Rock. Second panel: Qibli Mosque. Labels are provided openly; children are not asked to identify a building from a generic outline.

Arrow labels

1. Dome
2. Arch
3. Window

What these pictures do not claim

The panels are separate sketches, not a map. They do not establish relative positions, compass directions, dimensions, construction details or real colours. Their simple openings are illustrative, not a measured building survey.

An optional family question

Where else have you noticed a dome, an arch or a window? Talk, point or sketch together.
